

FUTURE OF MOBILE LONDON

SEPTEMBER 16TH 2011

The Future of Mobile (FOM) is a one-day conference aimed at mobile designers, developers, and entrepreneurs. FOM offers world-class speakers from across the globe, speaking about the most inspirational topics. FOM brings together mobile visionaries to discuss cutting edge topics as well as to share tips tools techniques in the industry.

LEARN: DESIGN, UX INTERFACES, HTML5, HOW TO MAKE YOUR APP SUCCESSFUL, DEV & MUCH MORE

Free Videos - Of all the sessions from both tracks, so you can go back to those hints and tips and also share with your colleagues.

Just One Day - Mobile web is a fast paced industry, but we also understand it is hard to escape a busy work schedule. The Future of Mobile event will bring you up to date in just one day.

Keep The Expenses Low - We will provide coffee, coffee, coffee and a delicious lunch on the day, we also have exclusive discounts on hotels for FOM attendees.

World Class Speakers From Across The Globe - Your employee can be inspired by the biggest names in the industry and come back to work more motivated than ever.

Cracking Networking - A chance to meet, share ideas and potentially collaborate with other freelancers, agencies and designers.

Free High Speed Wifi – To give your employee the chance to catch up on any urgent e-mails in the breaks.

Two Tracks – There is not one but two tracks so double the information. Don't worry about the sessions that you miss; we will send you free videos of everything.

Covering the most Important Subjects – We cover the topics that matter most to today's mobile web.

Wrap party - With free drinks that will give your employee the chance to mingle with speakers and fellow attendees and chat about the days events, their projects and ideas.

We Love Our Attendees – We have great passion for the industry and this is shown through our events. We promise to make the Future of Mobile as valuable as possible.

SPEAKERS: Kevin Systrom (Instagram), James Pearce (Sencha), Brian LeRoux (PhoneGap) Daniel Appelquist (Vodafone) Antony Ribot (Ribot)
